# Sample Invitations for a Circle of Support

## Inviting people you are getting to know....

Dear [insert name]

I've been doing a lot of thinking about [insert name]'s life lately and I'm a bit stuck for ideas. So I'm having a little fun social gathering to chat about what might be possible for him and I'd love you to join us and be part of all the fun.

Many brains are better than one!

So that I know how many of my delicious scones to make, could you please rsvp by [insert date] by giving me a call on [phone] or dropping me an email at [insert email address].

Looking forward to seeing you.
